

Helping Kids with Cancer Achieve Their Goals

## MAKING A DIFFERENCE

Go4theGoal aims to improve the lives of children battling cancer. We are proud to support patients and programs in more than 150 hospitals across the country through:

- **Financial assistance** with day-to-day bills and travel expenses
- **Hospital programs** to improve patient experience, including our own Kart 4 Kids program active in hospitals across the country
- **Granting wishes** to provide patients with joy and memorable experiences
- **Renovations** to make hospital spaces more comforting and interactive
- **Cancer-free futures** through funding more than \$1 million in research since 2007 to find better treatments and cures

*"I cannot express enough how great Go4theGoal is. The families I work with are experiencing a huge amount of emotional and financial stress as their child is receiving treatment for cancer. Referring them to GO4theGoal has lessened their burden and allowed them to focus on what matters most to them, their child. Go4theGoal staff are super responsive and reliable. They are wonderful to work with and I appreciate them so much!"*

**Pediatric Oncology Social Worker at Children's Wisconsin**
